Mr. Park W. Armstrong, Jr.
Special Assistant, Intelligence
Department of State
Washington, D.C.

Dear Mr. Armstrong:

This is to acknowledge your letter of December 7, 1950, suggesting that the Central Intelligence Agency furnish from its own personnel a radio operator/technician to operate a particular emergency radio station. We are glad to furnish such an individual and believe that his service at the post indicated can be mutually advantageous. I have asked our communications people to follow through on the arrangements directly with the communications officials in the Department of State.

Thank you for affording us this opportunity.

Sincerely,
